### COLLECTIONS AND DEFENSE OF CONSUMER CLAIMS

With the advent of bankruptcy reform in 2005, a large number of bankruptcy attorneys "branched out" into filing claims against creditors under a number of previously little used statutes. We are uniquely positioned to represent the interests of our clients with the following:

- Collections
- Defense of Fair Debt Collection Practices claims
- Defense of Truth-in-Lending claims
- Defense of Fair Credit Reporting Act claims
- Our attorneys are members of the Members Attorney Program of The Association for Credit and Collection Professionals
