

Huey D. McInish (1923-1999)

Huey D. McInish, or "Dwight" to us, was one of the founding members of the firm of Lee & McInish. Dwight is also a past president of the Alabama Defense Lawyers Association, and remained an active member throughout his legal career. We are also particularly proud of the prominent role Dwight played in the formation and development of what is now the Southeast Alabama Medical Center. He is survived by wife Clara Jean, and his son Pete and daughter Ruth are also members of the Alabama Bar.
